Summary

Product Manager with 9.5 years building AI/ML and data-heavy products for MSMEs, Enterprises, and Internal teams. Led AI transformation of a recruiter CRM (+140% productivity gain) and drove payments roadmap for a marketplace through 5x GMV growth (\$15M to \$80M). Expert in data analytics and LLM-based automations.

Experience

TopHire

Product Manager

04/2023 - 05/2026

- Owned product strategy for the **recruiter CRM**, reporting directly to CEO. Automated hiring workflows using LLMs, Voice AI, and third-party integrations, improving productivity **140%** and time-to-hire by **~25%**. Scaled the platform to 150+ internal recruiters and 2500+ clients across India & US.
- Built in-house drip campaign tool with **AI-written emails & reply classification** that lifted reply rate **~30%** and saved 8 hrs/wk.
- Designed prompt-based workflows for candidate ranking, lifting shortlisting rate from **35% to 42%** with 80%+ adoption.
- Built a **tech-support chatbot** that learns from support tickets, emails, and slack messages; reducing tech queries by **40%**.
- Integrated Voice AI APIs to design a **screening agent** that makes calls and collects candidate data, cutting manual effort **80%**.
- Consolidated integrations across 10+ third-party APIs, **saving \$100k** annually in operational costs.

nurture.farm

Product Manager (promoted from APM)

05/2021 - 11/2022

- Led the **payments and monetization** roadmap for a MSME marketplace app. Built cashback loops, lending, and payment optimizations that grew the MTU from **4k to 8k in 1 year**, supporting a 5x growth in GMV to \$80M.
- Designed the points-based payments architecture and a cashback builder for sales team. Scaled the platform to **\$1M+** in points-based orders per month.
- Partnered with a NBFC to enable **lending** on the app. Built embedded KYC, payments, and collection flows and scaled the feature to **6000+** retailers' lifting their MTU by **32%**.
- Automated **seller payouts** across six payment modes, ensuring RBI compliance and **99%** timely payments.

Ola

Product Analyst

04/2019 - 04/2021

- Ideated an **ML feature** to capture driver behaviour while predicting the ride fare upfront. Implemented it across top 5 cities, cutting the billing disputes by **\$200k/year** and complaints by 40%.
- Simulated **driver billing workflow** and coordinated the fixes to ensure compliance; improved bill accuracy from **91% to ~99%**.
- Built **20+** funnel, retention, and feature dashboards to drive product decisions for the driver billing pod.
- Part of the team that launched and scaled cab services in three countries in the **EU market**.

Prashaste

Associate Consultant / Business Analyst

11/2017 - 01/2019

- Built sales & finance trackers for **200+ dealerships** of top auto-makers and took 25+ training sessions.
- Conducted **business evaluation** for six auto dealerships and implemented changes, lifting their monthly PAT **~6pp**.

Infosys

Business Analyst

05/2016 - 10/2017

- Built anti-money laundering workflows for a UK bank, **flagging 10k+ transactions/month** with ~40% accuracy.
- Top 1%** among 600+ trainees in the six-month training program on SQL and app development.
